Turkey, Istanbul

EDUCATION

Information Technology Engineering (Undergraduate Studies) | 2008 - 2012

University of Aleppo, Syria

- Completed intensive coursework in core computer science, software engineering principles, and web technologies before relocating.

EXPERIENCE

Freelance Frontend Developer | 2022 - Present

International & Local Projects (Germany & Istanbul)

- Successfully built and deployed approximately 8 commercial and production-ready web applications for diverse industries.
- Translated high-fidelity Figma UI/UX designs into structured, semantic, and pixel-perfect code using React.js and pure JavaScript.
- Developed a specialized high-performance cleaning services platform for the German market utilizing Next.js for server-side rendering and optimized SEO.
- Ensured absolute responsive adaptability across all devices using advanced CSS layouts like Flexbox and Grid.

PROJECTS

Commercial Cleaning Services Platform (Germany Market)

- Developed the core web application using **Next.js** and Tailwind CSS, focused on seamless booking conversion rates and fast loading speeds.
- Implemented optimized performance structures resulting in excellent SEO visibility and local search compliance.

Custom Frontend Web Applications (Istanbul & Remote)

- Engineered several reactive web interfaces utilizing **React.js** and state management systems to handle interactive client data.
- Built modular, highly reusable UI components, ensuring swift deployment and exceptional site performance.

Interactive Vanilla JavaScript Projects

- Developed lightweight, fast-loading, and interactive web tools strictly using native **JavaScript (ES6+)**, dynamic DOM manipulation, and custom logic layers.

TECHNICAL SKILLS

Frontend Development:	JavaScript (ES6+), React.js, Next.js, HTML5, CSS3, Vite, Bootstrap, Tailwind CSS
Core Frameworks:	Flexbox, Grid Layouts, Responsive Web Design, Component Architecture, Pixel-Perfect Coding
Tools & Tech:	Git, GitHub, Figma, VS Code, RESTful APIs, Postman
Languages:	Arabic (Native), English (Intermediate)
